CERTIFICATIONS AND YOUR BUSINESS

“THE WHY” OF Certifications

1. Certification(s) allows you to get bids
2. Certification(s) allow you to be a subcontractor (s) w/other business
3. Certification (s) open doors for you to connect with other small businesses
 - a. Your business can grow
 - b. Your finances can increase in some cases

“THE WHO” OF Certifications

1. First question to answer is “Does my business need a certification (s)?”
2. Identify which certification (s) is a fit for your product/company
3. Ask yourself “Will I use the certifications once approved”
 - a. Certifications are no good to small businesses if you do not use them
 - b. Consider what you want to do before applying for your certifications

“The HOW” of Certifications (varies from state to state)
